Dear Mr. Billman:

I appreciate your letter of 26 November 1958, and greatly regret that my absence from Washington will prevent my hearing the address of my good friend, Jim Killian, to the members of Phi Beta Kappa.

Faithfully yours,

EXECUTIVE REGISTRY FILE

The United Chapters of Phi Beta Kappa

1811 Q Street, N. W., Washington 9, D. C.

26 November 1958

Dear Fellow Member:

In co-operation with the Society of the Sigma Xi, the United Chapters of Phi Beta Kappa will sponsor an address by James R. Killian, Jr., at the Washington, D.C. meeting of the American Association for the Advancement of Science. His address, "Science and Public Policy," will be given on Monday evening, December 29, at 8 P.M. at the Sheraton-Park Hotel.

President on leave from the Massachusetts Institute of Technology, Dr. Killian has served as Special Assistant to the President for Science and Technology since November of 1957. His address will be the first in the new Phi Beta Kappa-Sigma Xi series, a series which will emphasize the interdependence of the sciences and the humanities in the mid-twentieth century.

We believe that you will want to hear Dr. Killian's address, which will be open to members of the sponsoring Societies and their guests as well as to those attending the specialized scientific sessions of the A.A.A.S. The enclosed invitation will admit you and your guests.

Sincerely yours,

Carl Billman
Secretary
